Respectfully submitted,

J. W. PRENTISS,

Road Agent.

REPORT OF BOARD OF HEALTH.

To the Citizens of Alstead:

During the past year we have had a few cases of contagious disease, measles, scarlet fever and whooping cough. While the latter is a reportable disease no quarantine or disinfection is required, but children suffering from it are not allowed to attend school.

Acting under instruction of the state board of health all children attending school have been vaccinated and in future this law will be enforced.

I wish to call the attention of all to the following extract from Chapter 93, Statutes of New Hampshire, Section 2: No child shall attend any public, parochial or private school unless he has been vaccinated or has had the smallpox, and this section shall be enforced by the board of health except in the case of a child who has submitted to the process of vaccination not less than three times, or who holds the certificate of the local board of health, that he is an unfit subject for vaccination.

Also to the following extract from a personal letter of instructions from the state board of health: "A child that is not vaccinated or does not present a legal certificate of exemption, is not qualified to attend school and the school board has no authority to allow him to return to school until he has complied with the law."

The enforcement of the vaccination law rests entirely with the local health officer.

P. B. STEVENS, M. D.

REPORT OF SCHOOL BOARD

For the Year Ending Feb. 15, 1916.

In our last annual report we stated that, at our request, a deputy had been appointed by the state school superintendent to make a survey of our schools and we were to publish his report. We regret that the inspection was not made as we have, by hiring normal school graduates for teachers, tried to cooperate with the state educational authorities in keeping our school up to their standard.

During the past year the schools in the South Woods and Rhodes district have had excellent teachers and have been in session the same number of weeks as the other schools. Although the attendance is small the expense of maintaining them is less than proper transportation to the East Alstead school would be.

Deserted school houses are a poor advertisement for any town. No desirable home-seeker with a family of children cares to locate beyond a reasonable distance from a school house, so as a means to the taking up of our unoccupied farms we advocate giving the children in the thinly settled parts of the town just as good an opportunity for an education as those in the village as far as possible.

We regret to have to refer to the opposition and violent criticism of the board in regard to transfering a teacher from the

Forristall to the village school. Our decisions in that case were approved by the state authorities and we feel that we did what was best for both schools. A better cooperation of the parents with the school board would make that office a much more desirable one than it now is.

P. B. STEVENS, M. D.,
H. C. STROUT,
School Board.

FINANCES.

Report for fiscal year ending February 15, 1916.

REVENUE.

Current:

1.	Balance from last year,	$424 41
2.	Entire amount of money required by law to be raised for schools, 1915,	1,125 00
